

COMMON AUSTRALIAN HOT TEST LOCATIONS

**TROPICAL
CONDITIONS**

KUNUNURRA

- Very remote & expensive with no back-up support, but can be very hot.
- Wet season affected

KATHERINE

- Popular due to heat and tropical conditions.
- Similar road conditions to Alice Springs
- Inferior facilities to Alice Springs
- Wet season affected

ALICE SPRINGS

- Most common location.
- Highway North to Tennant Creek popular because no speed limits exist.
- Good facilities in Alice Springs.
- Limited confidentiality. Hours of use restricted by tourist traffic.

BOURKE

- Easy access from Sydney.
- Poor facilities & some security concerns.
- 100 km/h speed restriction on roads.

WOOMERA.

- Restricted access military facility. Very confidential.
- Test-Trak has exclusive access.
- All road surfaces and conditions available.
- High Speed on closed roads.
- Best facilities of all locations including workshops.
- Full emergency back-up.
- Quickest / easiest to access.
- Desert conditions.
- Direct airfreight is possible.

FLINDERS RANGES.

- Declining popularity due to increasing tourists.
- Useful for hot off-road conditions.
- 100 km/h speed limits.
- Good accommodation, poor technical back-up.
- Easy to access.

SYDNEY

MELBOURNE

Best airline / freight entry point is Melbourne or Sydney. Test-Trak and most of Australia's car industry is in Melbourne.
